CHASE'S

SPRING GARDEN VICTORY SURPLUS

BULLETIN

February 18, 1943.

This war is a heavy burden to all of us in many respects, but from it we should take the determination to carry on. It is incumbent on us as nurserymen to supply not only fruit for the tables of the world, but also to supply our home front with beauty. It is interesting to note that the planting of flower gardens and shrubs has been encouraged in England, and the marvelous spirit and stamina of the English people give great testimony to the effectiveness of this broadminded attitude. Beyond that it is our patriotic duty to bend every effort to continue to do business for the privilege of paying taxes.

Railroad congestion has slowed movement of freight and express, but we are here to give you the best possible service. The stock listed herein is in fine condition, and in every respect is up to CHASE'S standard of grading, roots, thriftiness, and overall quality. We shall be pleased to take care of your requirements.

NR STOCK PACKED FREE FOR CASH IN LIEU OF ALL CASH DISCOUNTS.

Regular Terms To Firms With Established Credit, 2% 10 Days, Net 30 Days.

See Our Trade List for Complete Descriptions and Our Full Line of Nurserymen's Supplies.

(See Lining-Out Stock, Pages 12-14)

NEW YORK, October 1, 1942: "The five cars you have shipped us this fall have made excellent time and they have all arrived here in perfect condition. It is a nice-looking lot of stock. We think you have done a grand job."

GEORGIA, October 27, 1942: "The plants were lovely, especially the Crapemyrtle blooms were simply gorgeous. It pleases me to buy plants as satisfactory. All blooming shrubs were lovely."

TENNESSEE, October 23, 1942: "The big Magnolia came through in excellent condition, and I am quite proud of it."

PRIVET

Notice that our "Heavy" grades of Privet carry "4 canes and up." The usual heavy grade carries only "3 canes." Our grading gives you more privet per bush.

ILLINOIS, October 31, 1942: "The Cedars are doing fine."

NEW YORK, October 31, 1942: "The Altheas from you last season certainly were very satisfactory."

MISSOURI, November 2, 1942: "Received the shipment in good shape. Appreciate very much your using your good judgment on the manner of packing my order to reach me in good condition."

TENNESSEE, October 29, 1942: "The Pink Dogwoods were the most beautiful specimens I have ever seen."

FLORIDA, November 24, 1942: "The plants you shipped me were very fine and are doing nicely. Don't know why any one would buy Roses elsewhere when they can get yours for a few cents more. It's nothing new to me that the plants you ship are far above the kind one buys elsewhere."

ALABAMA, November 15, 1942: "The Holly was received in splendid condition. Many thanks for such a careful selection."

MICHIGAN, November 25, 1942: "Have just talked to our Superintendent in Pittsburgh and he reports that the stock that you shipped was very fine; matter of fact, it was the nicest bunch of stock he received on the job. Had to buy quite a lot of material for this particular job and it just got there at the right time and it is all planted and everybody is happy about the whole thing. Thanks for your good service and better still, your swell plants."

ALABAMA, November 18, 1942: "The Ilex opaca are beautiful trees, and I am going to have a picture made the first moment I can and show you just where we put them; also, I believe the Rose Bushes are the prettiest I have ever seen."

MISSOURI, November 19, 1942: "In **1914,** we planted many thousand plants from you and most of them are doing very well."

CALIFORNIA, November 30, 1942: "We have bought numerous items from you from time to time, and would like to express our pleasure, especially with the Grafting Knives."

LINING OUT STOCK

Field grown material graded out of our finished stock, unless otherwise indicated by "S" meaning Seedlings, or "Pots" meaning in pots of size mentioned. Culls are rigidly excluded. All are well rooted, and full of the life necessary to grow into dollars for you.

CONIFEROUS LINING OUT STOCK

All field grown from cuttings, except the Biotas, which were lined from pots. All have been at least twice transplanted. Much stronger than bed-grown stock. Biotas will be shipped in paper pots of size specified where so indicated. Bare root material carefully puddled in mud as dug and packed in damp Sphagnum moss for shipment.
